INNOVATION in the PALM of YOUR HAND

February 22, 2011

Hall 1, SMX Convention Center, Pasay City

The battle for the most innovative wireless applications heats up as 90 out of 143 entries make it to the finals of Smart's annual innovations search under SWEEP, an industry-academe partnership that seeks to help raise the level of technology and engineering education in the country. This year's theme is "Innovation in the Palm of Your Hand".

Also sharing the spotlight are the entries that have qualified for the separate and new category on mobile applications development for Android phones.

The event also features the finalists of Smart's online contests under Doon Po sa Amin (DPSA), its online content generation project among public school partners: 4th DPSA Learning Challenge, DPSA Quest and "Ano ang Kwento Mo?" Grand prize winners of these three online contests will be announced during the event.

So what are you waiting for? Be a part of the 8th SWEEP Innovation and Excellence Awards on February 22 at the SMX Convention Center!

The SM Accessories quiz: What's your prom personality?

By [illegible]

FOR THE GIRLS

[illegible]

Your prom style says more about who you are than you think.
